

We are excited about gathering for our fall retreat at YMCA Blue Ridge Assembly in Black Mountain, NC. Everything is in place to provide for a socially distanced event with precautions in place. Your group will need to wear masks. Worship will be outside at their amphitheater that seats over 800.

We will be the only group on campus and be able to spread out housing to help each group socially distance from other groups. Your youth group will be treated as a cohort which allows your group to function as a family. Your group will sit at the same table for the 3 meals. Extra cleaning will be done all across camp during the weekend. This is what the website states for Covid-19 precautions.
